

Appl. No. 10/516,863  
Amdt. dated Aug. 21, 2006  
Reply to Final Office Action of March 7, 2006

Amendments to the Specification:

Please replace the paragraph beginning on page 4, line 5 with the following amended paragraph:

The construction of telecommunications radio systems for mobile communications services is time consuming and costly because many ~~bases~~-base stations are needed to be able to cover large areas.

Please replace the paragraph beginning on page 6, line 21 with the following amended paragraph:

The area can being subdivided into 24 sectors by antennas on the first concentric ring and 72 sectors by antennas on the second concentric ring. The shape and/or size of one or more sectors can be changed by switching on or off one or more antennas, by changing the horizontal angular range of one or more antennas, or ~~by changed by~~ changing the vertical aperture angle of one or more antennas.
